Dear Members,

I am happy that we have revived publishing "The Newsletter" every month from July 2016 onwards, which informs our members about current activities and future programmes of the Alumni Association. Our "News Bulletin" is being published annually in March instead of biannually. A major activity of ours is to provide assistance to financially handicapped students of our Alma Mater University.

This year we have granted about Rs. 47 lakhs. This huge sum of money has been collected by contribution from our donors and various other bodies. We are thankful to all of them. We have also awarded gold plated silver medals with citations to 62 toppers of different disciplines of Jadavpur University.

Different activities like Annual Drama, Annual Social, Annual Picnic, Memorial Lectures and Seminars, various Musical programmes etc. are regularly held with the help of our various sub-committees.

We continue to receive your involvement and encouragement. Yet, there are many things which are to be done. The burning issue is to take up the infrastructure development work. Our Association building is in need of a lift. I appeal to each of you to consider your financial support for this cause.

I convey my hearty thanks to the office bearers, members of the Executive Committee and the members of the different Sub-committees for rendering their services for the cause of the Association.

With best wishes.

Subodh Kumar Bhattacharyya

President

FROM THE CHAIRMAN, PUBLICATION SUB-COMMITTEE

The Alumni Association will be celebrating hundred years of its existence on 1st January 2021. The journey during this long period has been very uneven. Although it had been helping National Council financially since its inception, a few decades ago the Alumni Association itself faced such a financial crisis that it virtually came on the verge of closing down. It was only due to the tireless effort by the Late Prof. Triguna Sen and the Late Prof. Hem Chandra Guha that made the association not only come out of the crisis but also gain an inertia to help its existence even today.

Almost from the beginning the Association began to help needy students with a small financial assistance. This has now become one of the major programmes of the Association.

The Association has another programme to help the students. With the funds provided by Washington Chapter it runs an activity called – "Earn While You Learn" where the students clean the university campus for few hours a week helping them to earn some pocket money.

The programmes where the members and their families find an opportunity to interact with each other has also increased many fold. Initially there was only one programme "All day Social" which provided such an opportunity. Now there are many such programmes like Picnic, Steamer Party, Barsha Utsav, Basanta Utsav, Annual Drama, Seminars and Memorial Lectures etc.

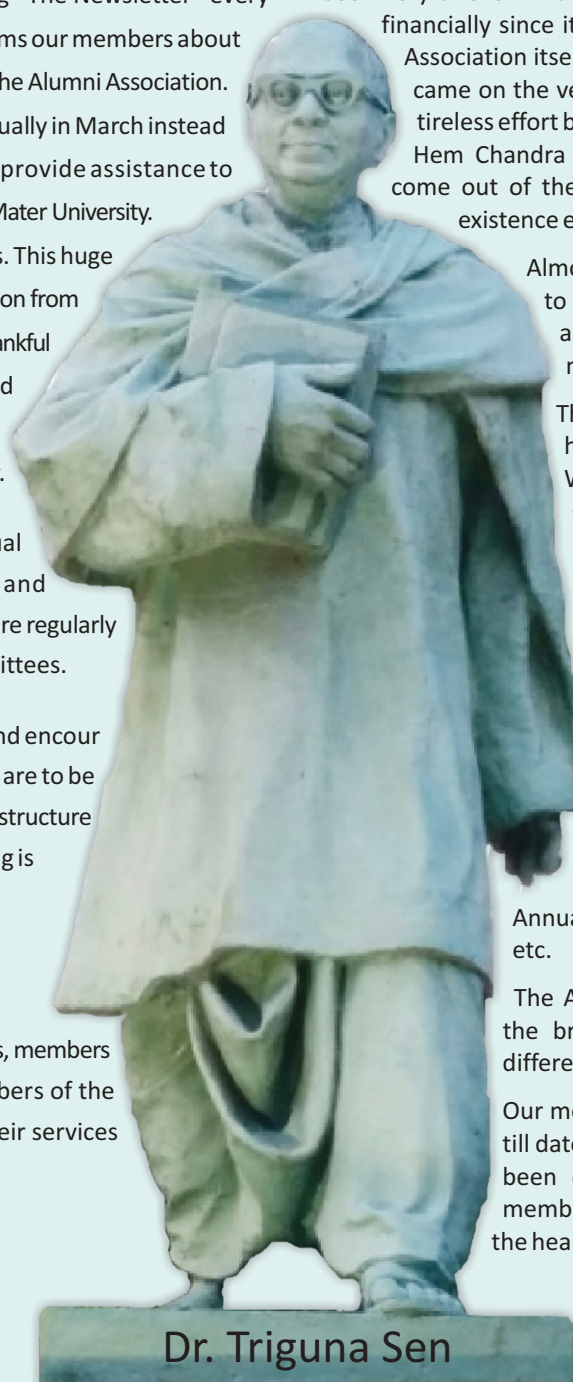

The Association also keeps regular contact with the branches/chapters abroad. The progress in different spheres has been quite impressive.

Our membership has not kept pace with pass outs till date. However, during last couple of years it has been observed that enrolment of younger life members has picked up which is a very good sign for the health of our Alumni Association.

With Best Wishes,

Asit Baran Pal

Chairman – Publication Sub-committee
